RECOMMENDATION: This is a recurring information item.

SUMMARY: The attached monthly report provides an overview of Marin Transit operations for the period ending June 30, 2017. The monthly reports summarize statistics on the performance of Marin Transit services, customer comments, and training activities under the District's Mobility Management program.

Ridership in June 2017 was 2.7% lower than in the prior year. Including yellow bus, ridership on fixed-route services decreased 2.6% compared to last year. Much of this can be attributed to one less school day in June 2017 compared to June 2016. Ridership on Marin Access services dropped 4.1%, primarily on the Catch-A-Ride subsidized taxi program.

Additional detailed analyses of system performance and trends are provided in separate quarterly and annual reports, including route-level statistics and financials. In addition to the monthly reports, these reports are available on the District's website at <http://marintransit.org/monitoringreports.html>.

FISCAL/STAFFING IMPACT: None associated with this report.

Respectfully submitted,

Nancy Whelan
General Manager
